1

After O.J. Simpson makes bail in Las vegas he plans to race to South Carolina to destroy my Life. O.J. Simpson has been making Numerous threatening Phone calls to me from the Clark County Jail in Las vegas. These calls have been coming every hr since 9-16-07. O.J. Is very angry at me ever since I sued his best friend Mike Tyson in U.S. District court Northern District of Iowa. O.J. Screams at me "Noone Sues the Champ" and "Your dead meat, White Boy". O.J. Barks in the phone to me, makes weird animal Noises. He is scarring my brain. I can't think right. O.J. told me he is going to make me into a peanut butter and Jelly sandwitch. My Life is in constant fear because of O.J..

2

O.J. Simpson is Furious and Livid that I sued his favorite Senator in the World Larry Craig in U.S. District Court, District of Delaware. Larry Craig is paying O.J. contract money from Jack Abramoff and Duke Cunningham to punch my face in and hijack my soul. O.J. has been a contract hitman for Larry Craig since 1985. Craig is responsible for Chandra Levy and blaming it on Condit.

3

Phil Spector stole my copyrighted music, Spector and O.J. are coming to Columbia with Columbians and chris columbus. My life is in danger because I have a secret document in my possession that O.J. is after. This Court must Know that O.J. Simpson is violating my 6th amendment rights under Booker and Fan Fan because O.J. Pays federal taxes that contribute to my illegal incarceration and cruel and unusual punishment.

This Document the world must see before O.J. Simpson destroys it

Title 18 of the criminal code (public law 80-772) is unconstitutional. The Clerk of the House of representatives, Jeff Trandahl refused to sign Letters in response to requests for information. Finally, A letter was recieved from the Clerk of the House, Trandahl, in which he admitted that Public Law 80-772 was passed by the House in 1947, but was never voted on again by the House in 1948 (Even though the Senate amended it in 1948) Therefore, a different Bill passed the House in 1947 than passed the Senate in 1948, rendering it unconstitutional and void. Further research showed approximately 9 Constitutional flaws in the bill, any one of which rendered it void. When any form of the Argument was presented to the district courts, they tried to dodge the issue or deferred it to a Magistrate (who has no Constitutional Authority) to avoid it. It appears that this issue of the validity of Title 18 of the Criminal code and 18 USC 3231 is still a question

O.J. Simpson wants to murder my mind with black gloves. He's best Friends with Mike Tyson who I sued because Tyson Attacked me in a bathroom. I get panic Attacks everytime I see O.J. Simpsons face on t.v. . O.J. Simpson has been picking on white people since 1972. Plantiff Moves this court for a restraining order Against O.J. to Stay away from South Carolina, O.J. is not to call me on the Phone at FCI williamsburg. O.J. is to Stay out of Aiken. Plaintiff prays for relief
